Subject : Violation of provisions of Mineral Conservation and development Rules, 1988 (MCDR'1988) in your Amliyamal Mn Mine area 6.390 hect in Jhabua Distt.(M.P)

Sir,

During inspection of office records your Amliyamal Mn Mine area 6.390 hect in Jhabua Distt on 15/04/2013 , it is observed that the following provision of Mineral Conservation and Development Rules'1988 (MCDR'88), is violated in respect of your above referred mine.

Rule No.	Nature of Violation
----------	---------------------

13(1)	Every holder of a mining lease shall carry out mining operations in accordance with the approved mining plan with such conditions as may have been prescribed under sub rule (2) of rule 9 or with such modifications, if any, as permitted under rule 10 or the mining plan or scheme of mining as approved under rule 11 or 12 as the case may be.
-------	--

As per the approved mining plan no JNB/MN/MPLN-1020 NGP Dated 28/1/2009 ,the following was proposed

1. During first year it was proposed to drill the two boreholes of 30m each but no boreholes were drilled so far though mine was opened on 16/08/2009.
2. The production proposed and actually carried out is given below.

Sr no	Year	Target	Actual
1	2009-10	808	947
2	2010-11	945	2108
3	2011-12	737	1597
	Total	2490	4652

This shows that there is 87% more production than the targeted production, this attracts the violation of rule 13(1) of MCDR'1988, which may lead to suspension of mining operations in accordance to rule 13(2) of the MCDR'1988.

-
02. In this connection, it is brought to your notice that the above violations constitute an offence punishable under rule 58 of MCDR'88.
 03. You are therefore directed to show cause within a period of 30 (thirty) days from the date of issue of this letter, as to why ***mining operations in the mine should not be suspended in accordance to rule 13(2) for violation of rule 13(1) of the MCDR'88.***
 04. Please note that no further notice will be given to you in this regard.

Yours Faithfully,

R.R. Dongare

Sr Asstt Controller of Mines
